OIL PIPELINE FILING

The Honorable Kimberly D. Bose
Secretary
Federal Energy Regulatory Commission
888 First Street, N.E.
Washington, D.C. 20426

Dear Secretary Bose:

Enclosed for etariff filing pursuant to the Interstate Commerce Act (“ICA”) and the regulations of the Federal Energy Regulatory Commission (“FERC” or “Commission”) are the following tariff publications issued by MOEM Pipeline LLC (“MOEM”):

Tariff No.	Description	Effective Date
F.E.R.C. No. 12.10.0 (Cancels F.E.R.C. No. 12.9.0 in Docket No. IS16-567-000)	Local Rate Tariff	July 1, 2018
F.E.R.C. No. 13.10.0 (Cancels F.E.R.C. No. 13.9.0 in Docket No. IS16-567-000)	Local Rate Tariff	July 1, 2018

All rates in the above-proposed tariffs are increased from the prior tariff rates. MOEM is making this filing in compliance with 18 C.F.R. § 342.3 (2018), to index the existing rates. The proposed rates in F.E.R.C. Nos. 12.10.0 and 13.10.0 have been calculated in accordance with the “Notice of Annual Change in the Producer Price Index for Finished Goods” (“2017 Notice”), issued on May 12, 2017, in Docket No. RM93-11-000, for the 2017 indexing year, and in accordance with the “Notice of Annual Change in the Producer Price Index for Finished Goods” (“2018 Notice”), issued on May 11, 2018, in Docket No. RM93-11-000, for the 2018 indexing year. The 2017 Notice required that the ceiling levels for FERC oil pipeline tariffs be revised by a positive multiplier of 1.001985. The 2018 Notice requires that the ceiling levels for FERC oil pipeline tariffs be revised by a positive multiplier of 1.044087. The proposed rates in F.E.R.C. Nos. 12.10.0 and 13.10.0 do not exceed the revised ceiling levels.

Attached is a summary table for the MOEM local tariff rates including the 2016, 2017, and 2018 index ceilings, current rates, and proposed rates.
